SPRING OF 1892.

WHOLESALE TRADE LIST

OF THE

S. M. BAYLES

South St. Louis Nurseries

ST. LOUIS, MO.

TO REACH THE GROUNDS — Take Railway train at Fourth Street and Chouteau Avenue, or Electric Cars at Sixth and Market Streets; get off at Elwood Street Station, walk three blocks West to Office.

GUARANTEE OF GENUINENESS.

While we exercise the greatest diligence and care to have all of our trees, etc. true to label, and hold oursevles in readiness, on proper proof, to replace all trees, etc. that may prove untrue to label, free of charge or refund the amount paid; it is mutually understood and agreed to between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than originally received for said trees, etc. that prove untrue.

Frederick Printing and Stationery Co., St. Louis.

TO THE TRADE.

I HEREWITH present my semi-annual *Trade-List for the Spring of 1892*. I extend thanks to my patrons for past favors, and respectfully solicit a continuance of your business and confidence, which I will make every effort to merit. I solicit a trial order from those with whom I have not dealt. I invite your attention to my very low prices, knowing they will compare favorably with any reliable establishment for equal quality and grade.

LOCATION OF NURSERIES.

My nurseries are located in the southern part of the City of St. Louis, about five miles from the Court House, on the St. Louis, Iron Mountain and Southern Railroad, on which we have twenty passenger trains each way daily, which start from Fourth and Chouteau Avenue. To reach my Nurseries, get off at Elwood Street Station, and walk three blocks west.

SPECIAL ADVANTAGES.

I have largely increased my business in the last few years, and I now have over 300 acres closely planted in Nursery Stock, consisting largely of Standard Pear, Dwarf Pear, Apple, Cherry, Plum and Peach Trees. I would specially call attention to the fine shipping facilities which are at my command at St. Louis, being only a few blocks from our side tracks, where we load cars in bulk. This, together with the abundant railroad and river advantages which St. Louis affords, enables me to offer Nurserymen and Shippers unsurpassed facilities for immediate and speedy transportation in all directions. I have commodious packing sheds, storage warehouses, and cellars for the storage of Nursery Stock during winter, as well as for use during shipping seasons, to facilitate early and prompt shipping, and careful handling of Nursery Stock. I also have connection with the City Water works, that gives me an abundant supply of water, which is of great advantage to the proper handling and packing of trees.

PACKING.

Our regular shipping season in Spring commences from the first to the tenth of March. We box and pack trees in moss in a most thorough manner so that they will go long distances without injury. The following prices are for the *Trees* without packing. We charge for boxes packed, as follows: 9x2½ feet, $3.50; 8x2½, $3.00; 9 feet by 20 inches, $2.00; 8 feet by 20 inches, $1.75; 8 feet by 15 inches, 1.00; bales, 25 cents to $1.50. Car load lots in bulk, packed free. We deliver to the depots free of charge, after which all articles are at the risk and expense of the purchaser.

VARIETIES.

At these prices, selection of varieties must be left with me, but will always give purchaser his choice, so far as consistent with our stock. Fifty at the one hundred rate, and five hundred at the one thousand rate.

TERMS OF PAYMENT.

CASH, or satisfactory security before shipment of stock. Remit by draft on New York, St. Louis or Chicago, Post Office or Express Money Order. Please do not send private check, unless you add, to cover cost of collection. Orders to be sent C. O. D. must be accompanied by at least one-fourth cash to insure attention. Address,

S, M, BAYLES,

Station "B," St. Louis, Mo.

PEARS.

I am making a specialty of growing Standard and Dwarf Pear Trees, and claim to not only have the largest stock in the West, but equal (*if not superior*) to any grown in the East. They are all grown from buds; young, (none over two years old) smooth, well grown trees, and will be exceedingly well rooted. Special rates will be given on large lots of both Standard and Dwarf.

Standard Pear.

PEACH BUDS—After August 1st	25	1 50	12 50

We have in surplus over and above our own planting, 100,000 Apple Grafts, of Ben Davis, Rome Beauty and Jonathan, first-class workmanship, which we offer at $5 00 per 1,000, or $40 00 per 10,000.

ORNAMENTAL DEPARTMENT.

ROSES.

I would especially call attention to my large and superior stock of out-door grown Roses, including Hybrid Perpetuals, Moss and Climbing; embracing all the leading varieties of old and new sorts. The plants are securely protected, and will be in first-class condition for sending out in spring.

My Roses are all home grown and on their own roots.
